

CERTIFICATE

**The heaviest fibroid weighed
3.4 kg (7 lb 8 oz) and measured 20 x 12 cm
(7.8 x 4.7 in) from the uterus of Meena Patel
(India). The fibroid was removed by a team
of surgeons led by Dr. Rakesh Sinha and
Dr. Neeta Warty (both India) at the
Bombay Endoscopy Academy and Centre
for Minimally Invasive Surgery, Mumbai,
India, on the 25th December 2000.**
