

## **Dr Manju Sinha**

Dr. Manju Sinha, cofounder of Beams Hospitals Pvt Ltd, is the guiding force behind the personalised care offered to patients at Beams MAS centres. A senior anaesthesiologist, she also holds courses for the use of LMA in Endoscopy.

Dr Manju Sinha specialised in anaesthesia for endoscopy at Southampton General Hospital, U.K. Her original work on fluid overload in hysteroscopic procedures was published in the Journal of Minimally Invasive Gynaecology, U.S.A, and has won several awards. She is a pioneer in the use of laryngeal mask airway for laparoscopy. She is the proud winner of the Dr. Kops ISACON Award 2006.

On the personal front, Dr Manju Sinha is fond of interior decoration (her keen understanding of the same helps in creating comfortable and pleasant stay for patients at Beams MAS centers), reading and music.

The Sinha couple is blessed with two children, and both of them are following their parent's footsteps and studying medicine.
